**A Charity Car and Bike Show
With all proceeds going to benefit little Emma Nichole Huff**

In July of 2004, Emma suffered a serious head injury. As a result of the injury she had a portion of her brain removed as well as a portion of her skull.

Now almost two, she has undergone several other surgeries, the last to correct her eye sight. Emma's has had numerous problems and complications along the way.

Today Emma's left side is still partially paralyzed (nemipavesis) leaving her unable use her left arm or walk. She is still undergoing aggressive therapy to help with speech and mobility. Emma wears a special helmet to protect her exposed brain. She still needs re constructive surgery to replace her skull as well as procedures to keep her left hand from locking up.

It is a miracle that Emma even survived this injury which has been likened to a six story fall. Emma's Mom has lost her job, home, car and everything she's ever owned while caring for Emma. Because Emma requires 24 hr care her mom cannot hold down a regular job.

We are raising money to Help Emma's Mom cover basic needs, medical costs and buy a computer so she can work from home and still take care of Emma.

Along with the Bike and Car Show we will have a Live Music, 50/50 Drawing, Tattoo Contest, Vendors, & More. Karaoke at 9P.M.
